PROGRAM TO BE HELD AT CHURCH

SPECIAL SERVICES AND BUSINESS MEETING WILL BE HELD AT PRESBYTERIAN CHURCH SUNDAY NIGHT.

At the Presbyterian church tomorrow an interesting program of services will be carried out, especially in the evening.

In the morning the ladies choir will render an anthem and a trio will sing. The morning service subject will be: "Can Christianity Make Good?"

In the evening the congregation will meet to consider the resignation of the pastor. This business meeting will be preceded by the regular evening service at which there will also be a program of special music. The sermon subject in the evening will be: "The Message of the Christian Faith to the Modern Man."

At the close of the regular service the meeting will resolve itself into a business session to consider the resignation of the pastor, Rev. Charles T. Hurd, who will leave on March 26th to accept a call to the Mount Baker church in Seattle.

Following the business the young people will serve a fellowship lunch. Every member of the congregation is being urged to attend both services at this church tomorrow.

WEST EXPLAINS O.-C. LAND CASE

RAILWAYS NOW DISPUTING NECESSITY OF PAYING TAXES, CLAIMING INTEREST IN LAND NOT SUCH AS TO REQUIRE IT

MEDFORD, March 17.—Former Governor Oswald West, who has been in Medford on business connected with the O. & C. land grant case as attorney for the interior department in the settlement of delinquent taxes, said as to the present status of the case:

"The claims in several counties for taxes for the years 1912-14-15 on O. & C. R. R. grant lands have all been checked and forwarded to Washington for payment. The total amount due on March 1, 1917, was \$1,700,000. This includes penalties, interest and costs.

"The money was appropriated by congress to pay these taxes, and it was the wish of the secretary of the interior and the commissioner of the general land office to pay them at the earliest possible date. Such early action was made impossible, however, owing to the stand taken by the railroad company. It contends that the tax is illegal, and should not be paid. It claims that from July 1, 1913, the date of Judge Wolverton's first decree, the lands were out of the control of the company, and were not thereafter subject to assessment and taxation.

"Owing to this stand of the railroad company, the government felt obliged to await the final determination of the questions involved in the case now before the supreme court of the United States. If this decision is favorable to the government, and the Chamberlain-Ferris bill upheld, the secretary of the interior will undoubtedly proceed with the payment of the taxes, regardless of the protest of the railroad company. If the decision is favorable to the railroad company the counties will have to look to it for payment, and in view of its contention that the assessment was unlawful and void, it is very apparent that the counties will have a lawsuit on their hands, and no money will be received until the question has been decided by the highest court in the land. In view of this situation everyone interested in seeing the early payment of these claims should pray for the success of the government."

MARINE CORPS EXAMS HELD HERE

CIVILIAN CANDIDATES FOR APPOINTMENT AS SECOND LIEUTENANTS WILL BE HELD HERE ON JULY 10-150 VACANCIES

(Special to the Herald)
WASHINGTON, D. C., March 17.—Examinations for civilian candidates for appointment as second lieutenants in the United States Marine Corps will be held on July 10, 1917, at Baker, Klamath Falls and Portland, Oregon, according to information just sent to Congressman Sinnott by Major General George Barnett, commandant of the marine corps.

It is estimated that about 150 vacancies will be filled from civil life throughout the United States. Candidates must be over 20 years of age and under 28, of good physique, good moral character and citizens of the United States. The mental examinations comprise the following subjects: English grammar, rhetoric, geography, history, constitutional law, arithmetic, algebra, geometry and trigonometry. Graduates of recognized colleges or universities will be exempt from examination in English grammar, geography, history, constitutional law and arithmetic.

It is necessary for all persons taking the examination to have a letter from the major general commandant, authorizing him to take the examination. Blank applications to be filled out by candidates desiring to take the examination can be obtained by writing Major General Commandant, Headquarters, U. S. Marine Corps, Washington, D. C. A circular of information regarding the examination can be obtained from the commandant or Congressman Sinnott.

JUMP FROM BED IN MORNING AND DRINK HOT WATER

Open sluices of system each morning and wash away the poisonous, stagnant matter, says authority.

A glass of hot water with a teaspoonful of limestone phosphate in it, drank each morning before breakfast, keeps us looking and feeling fit.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store, which will cost but little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.
